

XXVII Meeting of the Economics of Education Association

Session Chair instructions

Dear colleague,

First of all, thank you for your collaboration.

Session Chairs are responsible for:

- Introducing each presentation
- Moderating the discussion
- Enforcing time limitations.

Sessions A and F have a duration of 90 minutes –three presentations-, while the rest of sessions have a duration of 120 minutes –for four presentations-.

While you may organise the session you are chairing at your best convenience, we recommend you to divide it into a set of 30-minutes slots where:

- 18-20 minutes are devoted to the presentation of a paper.
- 5 minutes for paper discussion by the discussant. Please remember each presenter will discuss the paper presented just before his/her. In case he/she presents the first one in the session, he/she will have to discuss the last paper of the session.
- Finally, 5 minutes for general discussion.

Please do not change the order of the presentations, as the audience may shift around the parallel sessions.

At the end of the session, please deliver the presentation certificates to the presenters. We will provide you with a folder containing these certificates. If a presenter does not show up to his/her session, please return his/her certificates to the registration desk.

Once again, thank you for your collaboration.

Best regards,

The Organising Committee
